

United Way of Estevan will mobilize various members of our community who will volunteer their time to complete meaningful, hands-on projects for you, or someone you know, who otherwise is unable to complete it themselves.

Projects that are suitable are those that can be completed in one day and could include such things as painting, clean up, landscaping, entertainment, etc.

We will strive to match up anyone needing some assistance with the great many volunteers in our community – and all that needs to be provided is the materials for the task.

Name of Organization/Individual: _____

Address: _____

Phone: _____ **Fax:** _____

Email: _____
